Section 9604(e), for the purpose of enforcing CERCLA and to assist in determining the need for additional response to a release of hazardous substance(s) under CERCLA. The Administrator of the U.S. EPA has the authority to require any person who has or may have information relevant to any of the following to furnish U.S. EPA with such information: (1) the identification, nature or quantity of materials which have been or are generated, treated, stored or disposed of at, or transported to, a facility; (2) the nature or extent of a release or threatened release of a hazardous substance, pollutant or contaminant at or from a facility; and (3) the ability of a person to pay for or perform a cleanup.

Pursuant to CERCLA Section 104(e), you are hereby requested to submit the information requested the attachments to this letter. Please note that compliance with the enclosed Information Requests is mandatory, and the Sections entitled Instructions and Definitions are part of the Information Request and you must comply with those sections. Failure to respond fully and truthfully to each and every Information Request within twenty-one (21) calendar days of receipt of this letter, or to adequately justify such failure to respond, can result in enforcement action by U.S. EPA pursuant to Section 104(e) (5) of CERCLA which, as amended, authorizes the United States to seek penalties from a Federal Court of up to twenty-five thousand dollars (\$25,000) for each day of continued non-compliance.

~~"Non-compliance" is considered by U.S. EPA to be not only failure to respond to the Requests, CONSEQUENCES failure to respond completely and truthfully to each Request.~~
